

The 12th INTECOL International Congress of Ecology

Ecology and Civilization in a Changing World

INTECOL 2017 Beijing

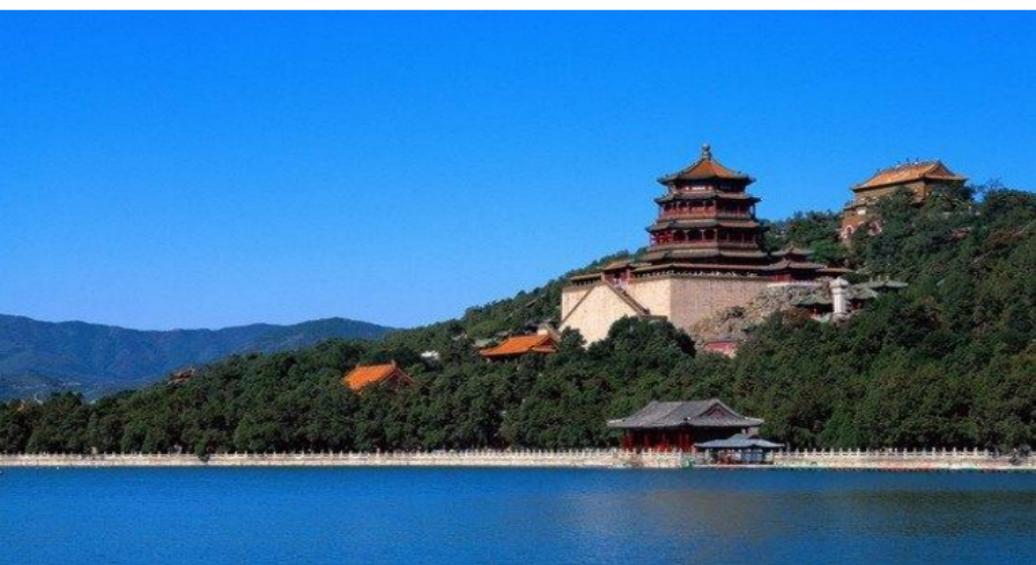

Ecology and Civilization in a Changing World

August 20-25, 2017

Beijing , China

◆ Introduction

The 12th INTECOL International Congress of Ecology (INTECOL 2017) will be held on August 20-25, 2017, in Beijing, China. The theme of this meeting is “Ecology and Civilization in a Changing World”. With this theme, the major goals are to strengthen communication and cooperation among ecologists around the world, to provide a platform for scientists from different disciplines to discuss about recognized and potential changes of ecology and civilization at local to global scales, and strategies of human society to adapt to these changes. We welcome scientists from all over the world to join the congress.

◆ Thematic Topics

- ✓ Ecosystem services and management
- ✓ Global climate change and ecosystem adaptation
- ✓ Urbanization and regional environmental change
- ✓ Biogeochemical cycling and ecosystem health
- ✓ Ecological degradation and ecosystem restoration
- ✓ Environmental stress and biodiversity conservation
- ✓ Industrial ecology and green economy
- ✓ Molecular ecology and evolution
- ✓ Landscape pattern, process and sustainability
- ✓ Ecohydrology and watershed management
- ✓ Paleoeecology, ecological dynamics and environmental assessment
- ✓ Agroecology, sustainable agriculture and rural development

Call for Symposia

To promote collaboration and interdisciplinary dialogue, we invite you to propose symposia with specific topics. Proposals are encouraged to address the congress theme, if appropriate, but doing so is not necessary. Any timely and coherent subject of broad ecological interests will be considered. We also welcome proposals that explore interdisciplinary connections with areas of social and natural science outside of ecology.

Each symposium should have 8 to 10 speakers (15 min. presentations plus 5 min. discussions). The content of symposium should follow the form given in the attachment. **The deadline for symposium submission is May 1, 2016.**

Please submit your proposals to intecol2017@rcees.ac.cn and liding@rcees.ac.cn

The Congress Scientific Committee (CSC) will evaluate the symposium proposals and participants will be required to submit abstracts afterwards.

For more information about the 12th INTECOL International Congress of Ecology, please visit the website: www.intecol2017.org.
